## Explanation of changes and other important information

We will automatically calculate your goods and services tax/harmonized sales tax credit and any related provincial credit based on your family net income, province of residence, marital status, and qualified children. If you qualify for any credit for **July 2018** to **June 2019**, we will let you know in July.

As of the date of this notice, you have unused net capital losses from other years of **\$6,380**. You can use your unused net capital losses to reduce taxable capital gains that you report this year. If you apply this amount to another year, you may have to recalculate your unused balance. This is because of the different capital gains rates for those years. For more information, see Guide T4037, Capital Gains.

We changed your instalments on your return to **\$2,407.79** to agree with the credit available in your 2017 instalment account. The balance in your 2018 instalment account is **\$0.00**.

We applied all or part of your refund to a balance you owe on your British Columbia low-income climate action tax credit account. We will soon send you a revised statement for this account.
